**Santa Cruz Avenue/ Alameda de Las Pulgas Corridor Improvement Analysis**

## Santa Cruz Avenue/ Alameda de Las Pulgas Corridor Improvement Analysis

### Notice of Community Meeting

The Board of Supervisors has authorized a comprehensive corridor study along Santa Cruz Avenue and Alameda de las Pulgas between Sand Hill Road and Avy Avenue.

This public forum will be the first of two community meetings in which the County consultants, Kimley-Horn and Associates, share current and modeled corridor data. An open discussion of the potential improvements for pedestrians, bicycles, and vehicular traffic along this corridor will be facilitated by the County consultants for community input.

Please come to learn about the process, review data collected to date and provide your input to determine which improvements, if any, are most beneficial to the community.

Monday, August 28, 2017

7:00 PM - 9:00 PM

Oak Knoll School – Large Gym

[1895 Oak Knoll Ln, Menlo Park, CA 94025](#)
