January 31, 2024

San Mateo County Growers:

We are gathering information from San Mateo County's agricultural producers to prepare the 2023 Crop Report. The San Mateo County Department of Agriculture/Weights & Measures seeks your firsthand production data to create a factual representation of our local agricultural economy. The annual crop report values may be used to shape policy and assess damage for disaster designation. For the 2023 production year, we are also seeking information on any losses due to adverse climate conditions. **All information provided is confidential and by law cannot be disclosed to any other government agency or private entity.**

Please complete the following information on the FRUIT, NUT & APIARY REPORT form on the back of this letter and return by March 15, 2024, using the enclosed self-addressed, stamped envelope. If preferred, you may download and complete this form electronically at smcgov.org/agwm/cropsurveys and email to smateoag@smcgov.org. Please use "Crop Report Survey" in the email subject line.

If you have any questions or comments regarding these surveys, please contact Michael Wong at mjwong@smcgov.org or (650) 363-4700. Growers that return the survey will receive a hard copy of the 2023 Agricultural Crop Report. Thank you in advance for your assistance.

Sincerely,

Koren J. Widdel
Agricultural Commissioner/Sealer

NAME OF BUSINESS:
