Hi Camille,

Please find attached my inspection report from today's site visit to Highland Estates. Overall things look much better, however the silt fence repair on Lot 11 has not been completed. I have asked Bob to address this issue prior to my site visit next week.

Happy New Year!

Hi Bob,

I'm sorry I missed you onsite today. Overall things are looking much better, since we met last week. Thank you for addressing the issues onsite.

I have one corrective action from today's site visit, and that is on Lot 11 – the silt fence on the south side of the work area has only been partially fixed (see attached photo). The lumber pile that is along the edge of the site is still sitting on top of a portion of the silt fence.

Please address this one repair prior to my next site visit next week.

Feel free to give me a call if you would like to discuss.

Happy New Year!
